30 From the letter dated 8th January 1942 of the Municipal Commissioner it is seen that the points to be looked into by the Special Audit Officer include suggestions to augment the resources and an investigation to see whether there are any drawbacks in the existing system of work While in the case of points 1 & 4 in the letter, it is possible for an Audit Officer to make suggestions, and valuable hints have been thrown out by officers who carried out investigations in the past, items 2 & 3 of the letter viz , suggestions for augmenting the resources of the Municipality and investigating if there are any drawbacks and how to remove them, being matters of financial responsibility of the local administration, are generally outside the purview of an Audit Officer's duties It is also difficult to say what exactly is to be done in the light of new demands if the existing position is one of deficit or non-balance All that the reviewing officer can do is to delve into statistics and analyse the existing resources and the scale of expenditure into recurring and non-recurring ~~ones~~ items and to find out whether the total of the recurring items of expenditure ~~are~~ is within the limits of the total of the recurring revenue resources. [This may, I think, be mentioned as the main duty of the Special Audit Officer if he is to be appointed]

31 The development of new resources so as to permit margins to meet new items of civic amenities of an

undefined nature cannot, it is respectfully submitted, be within the ambit of such a review

32 The existing time liabilities of the Municipality and the adequacy of the measures adopted to maintain liquidity of resources for extinction of such liabilities on the due dates may usefully form one of the subjects for investigation by the Special Audit Officer if Government decide on complying with the request of the Municipality

33 The appointment, if sanctioned, will may be made subject to the following two conditions:-

(1) The salary and establishment charges have to be borne by the Municipality all entirely

(2) A period has to be fixed within which the investigation has to be completed

34 In regard to the officers that can be put on this work, I would suggest the names of Messrs Y Subramanyam and S Raghavachar, Deputy Comptrollers, both of whom are well conversant with Municipal Administration, having been in charge of Local Audit work relating to Local Bodies for a considerably long time

To

The Municipal Commissioner,
Bangalore City.(through the President)

Sir,

With reference to your letter No A1.299-41 dated 23rd September 1941 forwarding, for orders of Government, a copy of the resolution of the Municipal Council dated 13th September 1941 requesting Government to depute an Officer of not below the rank and status of an Assistant Comptroller to examine all matters relating to the finances of the City Municipality and to make a report to the Municipal Council with his recommendations etc , I am directed to state that the resolution of the Municipal Council does not indicate the purpose for which an examination of all matters relating to the finances of the Municipality is to be conducted by an Assistant Comptroller An examination of all matters relating to the finances of the Municipality appears to be indefinite

I am therefore to request you to intimate the terms of reference which the Finance Committee of the Municipal Council proposes giving to the Officer deputed for the purpose so as to enable Government to decide on the necessity or otherwise of placing an officer as requested on special duty with the Municipality for conducting an investigation into its financial affairs

Sir

With reference to your letter No L 3959 dated 15-11-1941, in the matter of deputing an officer on special duty in this Municipality for examining all matters relating to the finances of the Municipality, I have the honour to state that, owing to the expansion of the City in the several directions for some years past, the need for providing all the necessary civic amenities to the public, befitting this premier City is on the increase and it is also further bound to increase year after year in future It has been found very difficult in recent years to limit the normal expenditure to the normal receipts of this Municipality The financial position may become unstable unless action is taken early to augment its resources It is therefore absolutely necessary to (1) improve the collection of the Revenue due to the Municipality by suitably amending the existing Bye-laws, (2) augment the resources by finding out fresh resources, (3) investigate whether there are any draw backs in the existing system of work and adopt measures to remove them, if any are observed, and (4) consider whether any reduction in expenditure is possible

The Council desire that the Special Officer to be deputed for th purpose may study the matters relating to this Municipality and send the detailed report on the above-mentioned lines for the consideration of the Council
